

Veterans Need Your Support

There is a very easy way for ironworkers, their families and friends to show support for our nations veterans.

Local 361 Business Manager Dick O'Kane has a come up with a way that we all can help. On January 2, 2009, a Bill was reintroduced on the floor of the 111th Congress.

House Resolution 147 was introduced by Representative Steve Israel of the 2nd Congressional District of New York State.

The purpose of the Bill is to amend the US tax code and allow taxpayers to designate a small portion of their income tax payment to provide assistance to homeless Veterans.

PLEASE HELP by contacting you US Representatives and Senators and request that they:

- 1) Sign on as a co-sponsor of H.R. 147, and
- 2) Do everything they can to ensure its passage.

We cannot allow this national disgrace to continue. If you need contact information for your Congressional Representative or you two US Senators call the Washington, DC office at 617-268-2382.
